## **A VISIT FROM REVEREND MARK**

### **Reverend Mark's Visit**

Reverend Mark came to see Sycamore to talk to us about how Jesus and God inspire him. In his early life, Mark was inspired by his dad and Grandad. He thought his Grandad was scary. His Grandad was a preacher and his dad played the guitar in church.

Mark was inspired by Jesus because Jesus said everybody can be friends with God. He said Jesus wants the best for us and that he was honest and patient and this was what Mark was inspired by.

Because he was inspired by Jesus, Mark turned the other cheek when he was bullied at school. He soon started at youth group and after that he went to Bible College. Later he became a Youth Worker and next he became a Methodist Minister.

I really enjoyed Reverend Mark's visit because I like to learn new things.

### **Reverend Mark Visits Sycamore**

Reverend Mark came to visit Sycamore and told us about his childhood years up to his life in church now. He has a wife called Becky and two children called Miriam and Reuben.

Mark went to church at a very young age because his Grandad was a preacher. He was a preacher for 75 years! His dad and Grandad really inspired him and his dad played guitar in

church. Mark thought that his Grandad was scary because he used to point at people and had a deep voice!

Reverend Mark was inspired by Jesus because Jesus said we could have God as a friend. He was also inspired by Jesus because he was honest and patient.

At school, Reverend Mark got bullied because he was a Christian but despite all that Mark just turned the other cheek and was nice to people and wasn't mean back. When Reverend Mark was older he went to Bible College. After that he ran a youth group but then he heard God's voice. God said "This is not a high enough level for you, try to be a Methodist Minister!" Right now his wife Becky is also training to be a Methodist Minister.

We enjoyed Reverend Mark's visit and once a month, Mark is going to come in to school to lead an assembly. I am looking forward to this because I love how he explains things, he makes it really exciting.
